16/5/33

My dear Jerry,

I have very much occupied with business matters, and shall accordingly be able to write to you by this mail very little. Shall try and make up next week.

I shall just advise that there were no letters from you last week, and I suppose this week's mail will make up for it.

I shall also acknowledge receipt by Beile of a cable from you, received on the 15/5/33 (yesterday) from Moscow:

" LUCKY STARS STILL FAVOUR "

Very good and nice, indeed, so far. You have got away from your last "hole" and the prospects in the new abode ought to be more promising.

SO FAR, SO GOOD !!!!!...

However all said and done, Jerry, it is time, it is indeed high time, it is indeed very much high time, that the serious consideration of "getting out altogether" be given its due consideration. I quite realise that one cannot do it, so quick, but we all must realise that one cannot live in this world always "trusting to lucky Stars". So an end must be made to it. Come out to the "new world" and breather a fresh.

Your new experience in the new abode, ought to "suffice". Get ready for your "TREK" !!!!!.....

And "trek" away when your present "period" expires.
Best of luck.
